## Tudor Square Realty, Inc.

Welcomes  
**KIRSTA TUNNY**

Working in real estate has been a calling of mine for as long as I can remember, and I have loved helping my clients to buy and sell. My background is more than 26 years in the nursing field, which has provided a natural segway into my career in real estate. Throughout those years, it has taught me strong advocacy for those I'm serving, the value of clear communication and even negotiation. These skills have gone on to play a vital part in providing my real estate clients great service.

Originally from Bartholomew County, I moved to Ripley County in 1992, and for the past thirty years, I have lived, worked and raised a family within these communities. My husband Steve and I celebrated our thirtieth wedding anniversary this past summer. We raised a big blended family of eight (yes, eight!) kids who are grown now. We had the privilege of raising them in my husband's family farmhouse just outside of Napoleon. We just recently bought a new home and downsized. I can now say I can personally relate to a real estate transaction through the eyes of the client and understand what they go through. Buying and selling a home is not just a business transaction, it can be very emotional with ups and downs, fears and frustrations. From knowing what to toss and what to keep to the nail biting that comes with appraisals and inspection reports, this experience has truly made me a better realtor.

I am excited to be the newest member the Tudor Square team, and not only will I work diligently for you throughout the transaction, I am backed by their years of expertise and knowledge they provide. I look forward to working with you!

*I'm Decorating the Tree*

Here's how to play:  
 The first player says: "I'm decorating the tree and I'm adding an \_\_\_\_\_. They fill in the blank with something that starts with A. Perhaps an angel. Or an apple. Or an acorn.  
 Players can use their imagination and add whatever they'd like to the tree as long as it starts with the right letter. Anchovies on your tree? Why not? The next player says: "I'm decorating the tree and I'm adding a \_\_\_\_\_" and fills in the blank with something that starts with the letter B. Continue taking turns until you reach Z.  
 \*\*For a harder version with older kids, you can add the traditional memory component. That's when you must list all the previous decorations before you add a new one.  
 So you might say: "I'm decorating the tree and I'm adding an angel, a bright light, a candy cane, and a \_\_\_\_\_" before giving a D word.

*Santa Day*

Join us for Santa Day, Saturday, December 10 at all bank locations. Register for prizes, enjoy refreshments and get a picture with Santa!  
[www.napoleonstatebank.com](http://www.napoleonstatebank.com)

*Merry Christmas & Happy New Year!*
